

Double Diamond Bookmark

Requirements:

- One 3"x 8" Main fabric
- One 3"x 8" Contrast fabric
- One 3"x 8" Background **reversible fabric such as hand-dyed, woven, or batik**
- One 2-3/4" x 7-3/4" fusible webbing
- Double Diamond Ruler™ 1.5
- Glue (temporary or permanent)
- Pinking Shears or a Rotary Cutter with a pinking blade

Directions:

- Iron the fusible webbing to the back of the Main fabric. Remove paper.
- Place the Contrast fabric on the back of the Main fabric. Fuse together.
- Press this fused piece lengthwise with the Main fabric on the outside.
- Place the Double Diamond Ruler™ 1.5 along the folded edge. Place the opening of the first slot 1" down from the top of the fused piece.
- Cut 7 sets of diamonds following manufacturer's directions.
- Press the fused fabric flat from the backside being careful not to catch the tips of the flaps.
- Turn the fused fabric right side up. Starting at the bottom, fold down each diamond. Press.
- Tuck each diamond tip underneath the diamond below it. Use a dab of glue to hold the tucks.
- Put a little glue on the back of the double diamond piece. Adhere the Background fabric to it.
- Using a rotary cutter, trim both long sides of the bookmark 1-1/4" from the center of the diamonds resulting in a 2-1/2" wide piece.
- Measure 1/2" above the top diamond. Trim parallel to the diamonds (at a 45° angle) so that the top is pointed. An easy way to do this is by using a 6" square ruler placed "on point". See photo. —→
- Repeat for the bottom of the bookmark.
- Stitch all away around the bookmark using a 1/4" seam allowance.
- Sew a straight stitch or decorative stitch down the center of the bookmark. You can also couch fancy fibers down the center and add a tassel if you wish.
- Using pinking shears or a rotary cutter with a decorative blade, trim all sides of the bookmark.

**These bookmarks make great gifts. You can make several in one evening.
This is also a good guild project. Feel free to photocopy the pattern.**
