

Tips for Using Inktense Pencils

Use good quality fabric brushes
(stiff, short, synthetic bristles)
Loew-Cornell fabric brush set #741

1. Place wet scrubber/round brush to tip of pencil. (Use water.)

May need to tap on scrap fabric/towel to remove some liquid to prevent bleeding before coloring area

Apply wet brush to fabric.

2. Touch wet scrubber/round brush to tip of pencil to get color.
Put brush tip into drop of water.
Continue until you get desired color.
Color fabric.
-

3. Wet an area of fabric.
Blot with paper towel.
Color lightly with pencil.
Work in with scrubber/round brush.

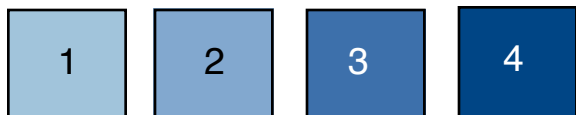

This technique may be used after washing off gel if an area needs more color and you don't want to color and gel again.

4. To determine strength of color:

Use one dark pencil to color squares.

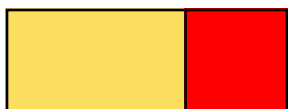

- 1 - Color lightly over surface once.
- 2 - Color lightly 2 times.
- 3 - Color lightly 3 times.
- 4 - Color lightly 4 times.

Brush each with gel.

5. Shading - Use two colors to color.

Use shader brush with gel to blend colors by pulling the darker color into the lighter colors.
