July 2011

Make 1 block, finished size is 12.50"

Cut background square 14"

1. Applique stems with bias strips.
2. Applique leaves
3. Applique center circle, stuff it if you like.
4. Flowers are next.
5. HINT: I trace the large back flower petal on the fabric, do not cut out yet. Applique 2nd petal, then smaller circle, stuffing it if you like. I then cut out the back petal and applique it to the block.

You can do any of the roses we have done so far, ruffled, stuffed. Have fun.
