

November Baltimore Album Block Instructions

Peg Distasi, Designer

Gal288

Cut background 14" square, we will trim it later.

1. Make bias strips for vines
2. Applique vines
3. Applique leaves
4. Applique center flower
5. Applique outside flowers.

HINT: I find it easier to applique the flowers into one unit before attaching to background.

Have fun.

See you next month.
