

PATCHWORK STAR & CANDY CANE TREE ORNAMENTS

Patchwork Star Ornament

1. Cut out paper pattern roughly, glue to card (approx 10gauge), and cut on the pattern outer lines. Select 5 different Christmas prints, mark pattern placement and cut diamond shapes. See picture.

2. Sew all 5 pieces together with $\frac{1}{4}$ inch seams, sewing to within a $\frac{1}{4}$ inch of the edge that will join all pieces at the centre. Press and cut a piece of fabric large enough to cover the star shape. With right sides facing stitch seam around the star shape leaving an opening for turning and stuffing. See picture.

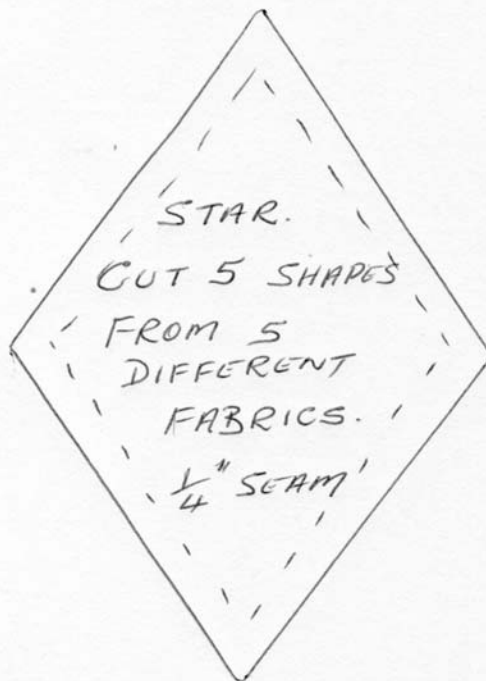

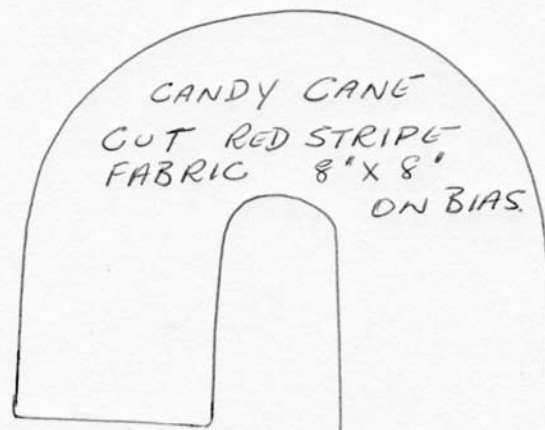

3. Trim the back fabric to match the seam allowance on the star shape. Turn through, stuff, close the opening with a slip stitch or ladder stitch. Make a hanging loop from $\frac{1}{8}$ inch red or green ribbon and hand stitch to the back top side of the Star.

Candy Cane Ornament

1. Cut and paste candy cane shape onto card. Trace the candy cane shape onto red stripe fabric onto and 8 inch piece of fabric on the bias, cut another for the back. With right sides facing, pin both pieces together and cut across the bottom of the cane shape leaving a $\frac{1}{4}$ inch seam. Press this seam allowance up and stitch on the pattern outline. Cut out leaving a $\frac{1}{4}$ inch seam allowance, clip and turn through.
2. Firmly stuff with poly filling and close opening by running a small stitch around the bottom opening, pull up firmly and end off.
3. Stitch a loop of $\frac{1}{8}$ inch red ribbon at the top of the cans. Tie a small bow, using $\frac{1}{4}$ inch red ribbon, at the side of the cane. Small holly leaves can be used as an added touch.
See pictures.
