User List -	On Main Menu Bar
Help –	In development. Will be added over time. We can help each other figure out what needs to be added. That should be - and will be - an ongoing process.
My Profile –	On Top Right Menu Bar
My Bookmarks –	Can be Found Under Profile   Subscriptions
Buddy List –	Replaced by Contacts
My Pages –	Replaced by Blogs
Private Messages – In our current format, we can see right away whether or not a sent message has been read.	In the new format, we have to remember to mark each one for read receipt and then check the Track Messages folder.
Recent Topics –	Doesn't work the same way it does in the current format. Is date-based and not user-specific
Watched Topics –	Can be Found Under Profile   Subscriptions
Unread Topics –	No equivalent. Will be added later if possible.
Topic Log –	No equivalent. Will be added later if possible.
