Black border was cut at 3 inches giving a 2 1/2 border.

Colored border was cut at 6 inches giving a 5 1/2 inch border.

Quilt and bind as desired.

** For the rectangle pieces, you need 480 pieces for all 120 blocks

*** For the center dark squares and for the ones in the Buffalo Ridge blocks, you need to cut 480 of them. If you are doing the corner squares in the Dove's in the Window block you need to add them on to that total.

You will notice that a lot of the blocks have the same sort of pieces for the most part. Just arranged differently.
