Supply list

Use all of your Clue #4's

Clue 1- Take half of the blocks and lay them out like this.

# Step 1 (clue 4a)

Align Clue 1 on top of Clue 4. Sew together. Be careful here there wasn't a way to miss the seam! Just go slow and remember to make sure it lays nice.

## Step 2 (Clue 4a)

Repeat the process with the other side. Here we press the seam open on the left and right side. (It will be easier so the other pieces will lay nice.)
